

Non - Marine molluscs of Ash Island

(as surveyed by Michael Shea in 1999.)

CLASS (SUB-CLASS)	FAMILY	GENUS SPECIES	HABITAT
GASTROPODA (PROSOBRANCHIA)	HYDROBIIDAE	<i>Tetea rufilabris</i>	Fresh / Brackish water pools
		<i>Aschoris tasmanica</i>	Fresh / Brackish water pools
	ASSIMINEIDAE	<i>Assiminea buccinoides</i>	Mangroves / Saltmarsh
GASTROPODA (PULMONATA)	AMPHIBOLDAE	<i>Salinator solida</i>	Mangroves / Saltmarsh
	ELLOBIIDAE	<i>Ophicardelus ornatus</i>	Mangroves / Saltmarsh
<i>Ophicardelus quoyi</i>		Mangroves / Saltmarsh	
<i>Ophicardelus sulcatus</i>		Mangroves / Saltmarsh	
<i>Cassidula zonata</i>		Mangroves / Saltmarsh	
	ANCYLIDAE	<i>Ferrissia petterdi</i>	Freshwater pools
	LYMNAEIDAE	<i>Austropeplea brazieri</i>	Freshwater pools
	PLANORBIDAE	<i>Isidorella newcombi</i>	Freshwater pools
		<i>Glyptophysa gibbosa</i>	Freshwater pools
	PHYSIDAE	<i>Physa acuta</i>	Freshwater channels (intro. from Europe)
	SUCCINEIDAE	<i>Succinea eucalypti</i>	Swampy pasture
	PUPILLIDAE	<i>Gastrocopta strangeana</i>	Rainforest remnants / Casuarina groves
	RHYTIDIDAE	<i>Strangesta strangei</i> (= <i>Helix strangei</i>) (Cox)	Aust. Land Shells p.26, locality as Ash Is. Possibly locally extinct; from rainforest
	PUNCTIDAE	<i>Paralaoma caputspinulae</i>	Rainforest remnants, farmland, Casuarina groves
	CHAROPIDAE	<i>Elsothera c.f. funereal</i>	Rainforest remnants
		<i>Allocharopa brazieri</i> (?)	Rainforest remnants
	CARYODIDAE (= ACAVIDAE)	<i>Pygmipanda atomata</i> (= <i>Bulimus atomatus</i>)	Mon. Aust. Land Shells p. 71, Locality as Ash Island and Hexham (Scott) Locally extinct in lower Hunter; from rainforest
	ZONITIDAE	<i>Zonitoides arboreus</i>	Rainforest remnants. (Introduced from USA)
	LIMACIDAE	<i>Limax maximus</i>	Abandoned buildings/ farmland (Introduced from Europe)
		<i>Lehmannia marginata</i>	Farmland (Introduced from Europe).
	AGRIOLIMACIDAE	<i>Deroceras laeve</i>	Farmland / Moist weedy areas (Introduced)
	MILACIDAE	<i>Milax gagates</i>	Farmland / Abandoned buildings (Intro. from Europe).
	CAMAENIDAE	<i>Thersites novaehollandiae</i>	Mon. Aust. Land Shells p.66. Locality
